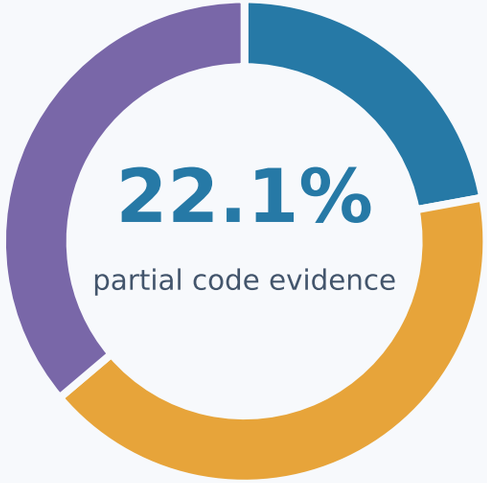
DHIS2 Common Criteria review

Evidence and remaining work - not a certification score

199 provisional review candidates | 62 excluded/conditional components omitted | 7 November 2026

What evidence is documented?



- Partial implementation evidence: 44 (22.1%)
- No direct implementation trace: 83 (41.7%)
- Incomplete assurance evidence: 72 (36.2%)

What still needs closure?

199 of 199 candidates still have open obligations
0 of 199 documented fully closed (0%)

These percentages measure documentation status, not product security, effort, time remaining or formal compliance.

Partial evidence is not a completed requirement. Final scope/assurance selection and independent evaluation remain open.
